RE: AMENDMENT TO GARBAGE AND RECYCLING COLLECTION BYLAW No.455,

2013

RECOMMENDED RESOLUTION:

THAT first, second, and third reading be granted for Amendment Bylaw No. 639, 2024, to amend Bylaw No. 455, Garbage and Recycling Collection Bylaw.

BACKGROUND:

The proposed amendment to section 7 of the *Garbage and Recycling Collection Bylaw No. 455* seeks to simplify compliance by establishing clear and consistent rules for garbage placement. The amendment eliminates distinctions between periods of low and increased wildlife activity, which have historically caused confusion for residents and enforcement challenges for staff. By removing these distinctions, the bylaw creates a uniform standard for waste management across all neighborhoods, ensuring fairness and reducing ambiguity.

The revised approach prioritizes accessibility and impartiality in waste management, ensuring all residents can easily adhere to the guidelines. A standardized policy discourages wildlife from foraging by requiring consistent precautions, fostering equity and clarity for the entire community.

DISCUSSION:

The proposed amendment to section 7 of the *Bylaw* addresses the ambiguous language used to define "low wildlife activity" and "increased wildlife activity." Discussions with the BC Conservation Office revealed that wildlife activity levels vary continuously, making it impractical to define enforceable periods. This lack of clarity and simplicity has hindered effective enforcement and created unnecessary complexity for residents.

By establishing uniform rules, the amendment ensures equitable treatment for all areas of the community, addressing concerns about perceived disparities in garbage collection services. It

provides a fair and accessible schedule for all residents, fostering consistency in waste management practices.

The proposed changes aim to improve waste collection guidelines while promoting fairness, reducing complaints, and enhancing community cleanliness. This amendment supports the broader goal of creating a more organized and sustainable waste management system for all residents.

Current Bylaw Provision

The proposed amendment would **remove** the following text from section 7 of the *Bylaw*:

- 7. During times of low wildlife activity, all green waste, garbage, and recycling receptacles shall be placed for collection by the householder:
 - a. Less than 10 feet from the roadway in front of the householder's premises,
 - b. no earlier than 5:00 a.m. on the scheduled waste collection day, and
 - c. removed no later than 8 p.m. the same day.

During times of increased wildlife activity, the Village may impose an area collection schedule. All garbage and food waste receptacles and recycling shall be placed for collection by the householder:

- d. less than 10 feet from the roadway in front of the householder's premises,
- e. no earlier than the time prescribed by the area collection schedule on the scheduled waste collection day, and
- f. clean recycling products are excluded from the area collection schedule provide they do not create an attractant,
- g. during times of increased wildlife activity, the Village will provide for drop-off of food waste and garbage only, at Works Yard from 6 a.m. 8 a.m. on day of pickup and 8 a.m. 11:00 a.m. on the Saturday following.

Proposed new Bylaw provision for section 7

All green waste, garbage, and recycling receptacles shall be placed for collection:

- a. Less than 10 feet from the roadway in front of the property,
- b. No earlier than 5:00 a.m. on the designated collection day, and
- c. Removed no later than 8:00 p.m. on the same day.

Clean recycling products that do not create an attractant are exempt from the placement and removal timing requirements outlined in Section 1."

Food waste and garbage may be dropped off at the Works Yard on Saturdays only, between 8:00 a.m. and 11:00 a.m."

OPTIONS:

- (1) Grant the first three readings to Amendment Bylaw 639, a bylaw to amend Bylaw No. 455, "Garbage and Recycling Collection Bylaw" as recommended by staff and as set out in this report.
- (2) Do not grant three readings to Amendment Bylaw 639
- (3) Refer the matter to staff with specific direction

RECOMMENDED OPTION:

To the first three readings to Amendment Bylaw 639

FINANCIAL CONSIDERATIONS:

There are no financial considerations.

LEGAL CONSIDERATIONS:

Our current *Garbage and Recycling Collection Bylaw* is not enforceable due to the ambiguity in definitions of wildlife activity levels, as well as fairness in garbage and recycling collection schedules. In addition, the Office of the Ombudsperson has expressed concerns about the clarity and fairness to residents given the current provisions of section 7.

Respectfully submitted,	Report Approved By,

Village of Lions Bay property tax increases

- The infrastructure levy is calculated as 10% of General Municipal Property Tax
- Parcel tax was approved by resolution of Council in prior yeares. This levy relates to amounts charged to 100 residents of Kelvin Grove that have access to Sewer. The Village paid for the construction of a waste water treatment plant (WWTP) and is recovering these costs from the residents that benefit from the WWTP as Parcel Tax
- Payments in lieu of taxes relate to BC Hydro, Shaw and Telus that make an annual payment in lieu of general municipal, local improvement and regional district tax levies
